Summary: Broken Wings is a romance between Dylan and my OC, Shea. When Shea is captured by Erasers, Dylan has to convince the others to rescue her... Or will he have to do it himself?

Broken Wings

She ran through the forest, fear and hatred tugging at her. _I've been running away from this for days, _she thought. _Maybe it's time to just let them get me._

I don't care anymore. Max and the others never did.

She stopped and closed her eyes, letting the tears roll down her cheeks. _Why, _she thought, angry. _Why could they leave me to die?_

Her fist curled around the small paper in her pocket and pulled it out. The tears that dripped from her eyes smeared the already hard-to-read writing.

Shea,

_ We had to go. You were our weakest link. There are too many secrets following you, too many disasters waiting to happen._

_ Sorry._

_ From Max_

She let out a silent scream and ripped the paper up over and over again, until it was nothing but small shreds of snow falling to the ground.

She felt huge arms wrap around her and drag her back. _Fine. _They threw her into a truck and shut the doors leaving her alone with the darkness and her thoughts. _Nothing's left. _
